

## Mirror, Mirror on the Wall

*Mirror, mirror on the wall*

*Did you see me when I was small*

*When you reflect*

*Your images back*

*Did you see what I had*

*And what I lacked*

*Mirror, mirror on the wall*

*Did you ever really see me at all*

*I never felt*

*I should take up the space*

*Never really belonged*

*In this place*

*Mirror, mirror on the wall*

*Did you ever see me stumble and fall*

*I'm filled with sadness*

*When I return to this house*

*It's as dead as a grave*

*And quiet as a mouse*

*I don't want to stay*

*Or to even sit down*

*My heart is just heavy*

*My face wears a frown*

*Mirror, mirror on the wall*

*Did YOU ever hear a small child call*

*The rooms feel empty*

*With memories old*

*And when I revisit*

*They make me feel cold*

*Mirror, mirror on the wall*

*Did you see past the lounge or into the hall*

*And as I lay*

*On my bed at night*

*Did you hear my heart pound*

*Did you see my plight*

*Mirror, mirror on the wall*

*Did you ever see me when I was small*
